Authorizing Signature  Commissioner  Date 1/9/25

General Information:

It is the policy of this Department to grant as many permits as possible to organizations seeking a facility within the Town. Due to the limited number of facilities, especially lighted facilities, plus the increasing number of athletic organizations requesting permits, the Town of Babylon Parks & Recreation Department cannot guarantee any organization the facility or complete schedule they seek. We hope you will understand our problem and adhere to our decision on requests.

The holder of a permit will be held responsible for careful and prudent use of the area, and for all damage to person or property resulting from the activity allowed by a permit.
